Event at Forest County Potawatomi will create opportunities for Native youth to be civically engaged

CRANDON, Wis. – Forest County Potawatomi (FCP) and Wisconsin Native Vote (a program of Wisconsin Conservation Voices) will co-host an event to engage Native youth on topics relating to civic engagement, democracy, and environmental stewardship.

Young people hold the strength and resilience to build a future where everyone has access to clean water, healthy natural spaces, and the freedom to vote. They are our future leaders and protectors of the seventh generations who come after them.

During Indigenous Peoples' Week, this event will feature guest speakers who will educate participants about voter information, conservation, and opportunities to lead the way to a better future. Participating groups include Action for the Climate Emergency (ACE), the Land and Natural Resources Division of FCP, and others.
